Bills are considered Past Due if not paid by 5:00 pm on the 20th monthly. Bills are due by the 20th of each month. Payments must be in our office by the 20th of the month to avoid past due penalty. 10% late charge is applied on all Past Due Balances.

The WATER portion of bill is calculated based on the amount of water usage. The meter is read in terms of hundreds of gallons. The first month bill will be calculated from the day you signed up to the next month's regular read cycle. For 0-1000 gallons, a minimum bill is generated. First bill can take up to two months before being mailed out to you. BILLS are mailed to customers on the last working day of the month. If you do not receive your bill by the 5th of the month, please call the water office at the number listed above and inquire about your account. A DEPOSIT appropriate for the area of connection shall be paid when customer connects service. If the customer moves, the deposit will either be transferred to the new residence (if still on our system), or applied to the final bill when service is disconnected. After a deposit is applied to a final bill, any refund will be mailed to the customer at the forwarding address given at time of disconnection. Meters are read starting the 1st working day of the month and the date is on the bill.
